

FY15 Calendar Reporting Step Sheet

1 – **School:District Office>District>Years &Terms**. A Term is needed for 2014-2015. Add a “New” one for “Year”, if it has not been created. Term: 14-15

If Automated Calendar Setup is used – complete that process prior to step 2.

2 – **District Office>District>Calendar Membership Types**. Associate the current Code/Meaning with the EMIS Membership Type. A “New” one can be created as well, and then associated. For example if Blizzard Bag days are used, and have yet to be added. This screen shot is an example of the Code and Meaning, it may not be exactly the same as what your district uses currently.

Instructions for DN Mon-Sun Reporting

Please check the day(s) of the week (Monday through Friday) when students in this group are **NOT** expected to be in attendance. For example, a kindergarten class that meets Tuesdays and Thursdays, but never on Monday, would have a check mark on Mon.

Please check the day(s) of the weekend (Saturday and Sunday) when students **ARE** expected to be in attendance. For example, a school that expects students to attend every Saturday would check the box.

Be sure to **ONLY** check Monday through Friday if the students are **NEVER** expected on that day all year long.

Be sure to **ONLY** check Saturday or Sunday if the students **ARE** expected on that day all year long.

Checking these boxes causes the following attributes to extract on the (DN) Organization General Information report:

C_YWEEKMON	if Mon (Monday) is checked	report student IS NOT in attendance for this day
C_YWEEKTUE	if Tue (Tuesday) is checked	report student IS NOT in attendance for this day
C_YWEEKWED	if Wed (Wednesday) is checked	report student IS NOT in attendance for this day
C_YWEEKTHU	if Thr (Thursday) is checked	report student IS NOT in attendance for this day
C_YWEEKFRI	if Fri (Friday) is checked	report student IS NOT in attendance for this day
C_YWEEKSAT	if Sat (Saturday) is checked	report student IS in attendance for this day
C_YWEEKSUN	if Sun (Sunday) is checked	report student IS in attendance for this day

Please consult the Ohio EMIS Manual for full definition of these codes.

After clicking **Add**, screen will look like this. Enter an Attendance Pattern and Description, then Submit.
