5. Run FINSUMM, selecting "Y" to generate the FINDET report for comparison.

You will be prompted whether you want to generate the reports for NOW or LATER. (NOW would cause it to run immediately and LATER will run at night.) We recommend LATER to relieve load on the system during the day.

Please IGNORE the message at the end of the MONTHLYCD program that tells you to wait to run ADJUST until after MONTHLYCD has completed. This message is there for the benefit of the majority of the districts around the state who do not utilize monthly copy accounts. As long as you run MONTHLYCD from your "B" account you can set it to run for later and still run ADJUST from your live account immediately

- Upon completion of Monthly CD you will receive an email message in your "B" account; the reports will be accessible via the following URL: www.nwoca.org/fiscdrom/xx

xx meaning the two character abbreviation used for your districts archive account

- 9. Please verify that the reports appear on the web page and are correct.
- 10. Generate any additional month-end reports from your "B" account

ADJUST
