Include in your email how you would like to receive your 1099s. You may either pick them up at the Archbold Office (by appointment only) or we can send them via UPS.

After NWOCA receives the email we check to see that all the necessary F1099 files were created. We rename the files to a different extension in order to save them for later use. We take the F1099.DAT file and merge it with the EDGE software designed to generate 1099 forms to print on self-sealing 1099-MISC and 1099-NEC laser forms. Each district will receive the following packet once the forms are printed and sealed.
